Fellow Members,

Finally a weekend without rain. The weather has slowed down the play on the course and also hampered the duties of the greens keepers. They are doing everything they can to keep the course in a condition that makes play challenging as well as enjoyable. When play states “**CART PATHS ONLY**” everyone needs to follow those rules as they are requested due to standing water and unusual wet spots. Driving the carts onto these areas create scars that last well into the latter part of golf season. Remember this is your club. Please treat it as such so it can remain one that every member can be proud of.

The month of May was a busy one for the club with Mother’s Day and Easter being extremely well attended by the members. Chef Mike and his staff did an outstanding job on both occasions. The only issue was lack of reservations made. Please be courteous and when having a party of 8 or more, call so we can be prepared to serve you in a timely manner. The staff has done quite well with the overflow but no one wishes to wait. Those making reservations, I thank you and hope to encourage this to continue. Again please be courteous to your fellow members, reservations can be made by phone or email. We cannot properly staff the club for service to you without this cooperation.

The club encourages you to bring your guest to events and enjoy the amenities we offer. However as members you are responsible for their actions and their dress attire. Please adhere to the rules and regulations set forth by the club. If there are any questions of these rules please contact any member of the board. Belmont Hills Country Club has a proud heritage in the Ohio Valley that every member should embrace.

Good news for swimmers and sun bathers: the pool will be open for the Memorial Day weekend. Dan and his staff have been working nonstop to ensure this. Somehow they have been dodging the raindrops to get the painting done and the building clean and ready to operate. The pool hours will be listed in this newsletter. Remember the pool can be reserved for private parties. Please call Debbie to find out additional information.

I am happy to announce our recent membership drive has brought 42 new members to the club. Please welcome them when you see the new faces. The membership committee is planning a welcome party for them and more information will be forthcoming.

As we move into June a couple of changes for the club. The dining room will again be open on Tuesday’s for normal business hours. On Sunday the kitchen will remain open till 5 using a limited menu for the grill room. If there are any questions or concerns please contact any member of the board. Thank you and may you and your family have a wonderful summer.

John E. Timko
President

Happy Summer! Its finally here and we at BHCC couldn't be happier. The staff has been busy painting, planting, and planning and hope that you are ready to join us.

As any woman knows... "good planning goes a long way", or for you men, "I love it when a plan comes together!" As with any event the one ingredient that can make it the best event of the year or the worst experience ever, is reservations. An Event Coordinator, whether it's the mother of the bride or the Wedding planner of Elton John's come back concert knows that you must know how many people to plan for; there just simply isn't any way around it.

Our Mother's Day Event is the perfect example. Anyone that came out to enjoy the day at the Club knows that it was hectic at best and seemed disorganized on our part.

However, it was simply that we had the largest turn out to date of over three hundred guests and only half had reservations. That's a lot of unexpected guests to say the least!

Our job here on the hill is to provide our members with the best of events and a smooth flowing one at that. So, in reflection of what happened on Mothers Day we must put in place a set of guidelines for every event. They are as follows

- Reservation's are a must for every event.
- It's a first come first serve basis for table requests and time slots.
 - No walk ins on the day of the event.
- We will extend the time on buffets if need be, but we will limit the guest count to a maximum amount per hour, in other words, make your reservation early if you want a certain table and time.

I hope that these guidelines will help the events to run smoother and thank all of the guests that do use the reservation system for the events. I also ask you to "Pass it on", there's nothing like a good "coconut telegraph" to get the word around!

I remind you to check out the calendar of events and to make your reservations early!
Your Event Coordinator...Debby.
